RE:

Su Excelencia Honorable Señor Antonio Guterres Secretary General of the United Nations

C/O Honorable High Commissioner Zeid Ra'ad Al Hussein

Office of the United Nations High Commissioner for Human Rights (OHCHR)

Palais des Nations

CH-1211 Geneva 10, Switzerland

Su Excelencia Honorable Señor. Antonio Guterres. Secretario General de la Organización de las Naciones Unidas. ONU. Nueva York. USA.

Con mucho respeto y en nombre de Dios, les enviamos esta carta a su Honorable Secretario, attencion al Honorable Alto Comisionado Zeid Ra'ad Al Hussein y a la vez dando un caluroso saludo de parte de todos los verdaderos líderes de Nuestra Nación

Miskitu a la vez esperando una pronta contestación de su parte y también deseándoles éxitos y bendiciones de Nuestro Dios todopoderoso en su trabajo.

Los verdaderos líderes de la nación ,Miskitu, los parlamentarios de la nación Miskitu, la gran familia real, el honorable consejo de anciano, los verdaderos comandantes de la nación Miskitu, El Gobierno en el exilio y las doce tribus: Miskitus,Sumus,Mayangnas,Ramas,Twaskas,Waikas,Prinzus,Lakas,Ulwas,Kukras,Creoles, Garífunas y todos de la nación Miskitu. Todos nosotros levantamos nuestra voz contra el Gobierno de Nicaragua, gobernado por el 21

inconstitucional Presidente Daniel Ortega, por las múltiples violaciones que viene cometiendo en nuestro territorio de la Nación Miskitu, dando concesiones, licencias, permisos a las compañías Transnacionales sin consentimiento de los verdaderos líderes ni la gente de la democracia Nación Miskitu, quebrantando las leyes de la Declaración Mundial de los Derechos de los Pueblos Indígenas irrespetando los acuerdos establecidos en el cuadragésimo sexto período de sesiones del 13,al 15 de Junio del 2016,en Santo Domingo República Dominicana. Declaraciones y resoluciones aprobadas por la Asamblea General Americana sobre los derechos de los pueblos indígenas del mundo.

Desde 1894 al presente,más de 123, años el gobierno de Nicaragua vienen explotando nuestros recursos naturales tanto en el mar como en tierra, ahora en el subsuelo para la explotación de petróleo y otros tipos de gases, también la minería, explotar toda clase de minerales, ya no tenemos los lindos bosques que teníamos con sus aves y animales silvestres, ahora los mestizos (colonos),invasores de tierra han talado todos los árboles y han convertido en grandes fincas ganaderas, así dejando nuestras tierras en un desierto secando todos los ríos, criques, cañadas ,etc…De igual forma de nuestros recursos marítimos están explotando todos los mariscos sin respetar vedas ni tamaños, encima de eso van a explotar petróleo de nuestro mar para dejar un mar muerto. A todas estas barbaries que hacen, les llamamos un acto de Genocidio criminal de parte del gobierno de Ortega.

Nosotros no queremos más derramamientos de sangre, pero si no nos apoyan los líderes del mundo que aman la paz, justicia, democracia, tenemos que defendernos, no vamos a quedarnos con los brazos cruzados lucharemos.

También los lavadores de oro usan Arsénico mercurio y otras sustancias químicas que envenenan las aguas así al tomar las gentes se enferman especialmente los niños se enferman de disentería, diarrea, enfermedad pulmonar...

Por tal razón apelamos a los honestos y sinceros líderes del mundo que aman la paz, democracia, justicia y que quieren un mundo mejor, que nos apoye de las manos de los criminales explotadores de nuestros recursos naturales, nosotros pensamos, ¿qué comerán nuestros hijos, nietos, biznietos y nuestra generación venidera para el futuro?, ya no queremos que esto siga adelante. Queremos nuestra Libertad y nuestra independencia, no

queremos más vivir bajo el yugo del Socialismo, Comunista, Terrorista. Tenemos jóvenes profesionales que bien podemos gobernar nuestra nación sin la intervención de Nicaragua.

Tenemos cientos de jóvenes profesionales que bien podemos gobernar nuestra Nación, tenemos nuestros recursos naturales, que bien podemos trabajar con otros países, a nivel mundial. Hicimos una petición de Referéndum de descolonización, con más de 200,mil firmas, en la Organización de las Naciones Unidas (ONU),hemos enviado cartas Su Majestad La Reina, de Gran Bretaña (nos contestó y nos dirijio a el Commonwealth Foreign Affairs), también los Presidente de los Estados Unidos de Norteamérica, a los Congresistas y senadores de la Casa Blanca en Washington, al Primer Ministro de Gran Bretaña, a la y a muchas embajadas y diferentes países del mundo, pero hasta la fecha no hemos recibido contestación y los problemas siguen con los invasores colonos, que queman las viviendas, matan, secuestran, torturan, violan a las mujeres.. El mismo modo de operación de los Sandinistas en los tiempos de los 80.

En una sola voz decimos: basta, basta y basta ya. de tantos años de esclavitud! Queremos ver otra vez nuestro sol de justicia de libertad de amor, que tanto anhelaron nuestros antepasados, y el espíritu de ellos no descansan viendo caer a la Nación Miskitus defendiendo sus tierras ante los invasores colonos que por orden del Gobierno Sandinista vienen armados, por helicóptero y automóviles con armas de guerra invadiendo nuestras tierras, matando,secuestrando,violando,torturando y quemando nuestras viviendas.

Apelamos que los líderes del mundo que intervengan, que las compañías transnacionales dialoguen con el gobierno de la nación Miskitu en el exilio, con los parlamentarios de la nación Miskitu, con el honorable consejo de ancianos, con la familia real , con los comandantes de la nación Miskitu para que podamos trabajar honradamente, con ética y dignidad y no con los líderes corruptos manipulados que son fieles con el gobierno de Daniel Ortega. Traicionando a nuestra Nación, firmando leyes que va en contra de el pueblo de la nación Miskitu, vendiendo nuestras tierras a los Chinos para la construcción de un canal que no estamos de acuerdo con, dando concesiones mineras a las compañías Canadienses "corazón gold corp" ,en Río Coco, Alba-Luce Congo de Hidalgo en la comunidad de sahsa Tasba Pri, Infinity- Americano, el "Hemco" es la compañía minera más grande que saca oro por toneladas en el triángulo minero, etc.—

Daniel Ortega NO tiene derecho de dar concesiones a estas compañías,el no tiene ni una gota de petróleo, ni un gramo de oro, ni un pescado para dar a las compañías Transnacionales, los gobiernos anteriores nos roban nuestros recursos naturales, pero no al extremo como el gobierno de Daniel Ortega, sin hacer absolutamente nada en nuestras regiones más que exterminar nuestras gentes, el ambiente y ecología..

Nosotros los Legítimos Dueños de Nuestras tierras que nos heredó nuestros ancestros en una sola voz decimos basta--basta ya la esclavitud, opresión, explotación, marginación, racismo, que desde hace 123 años nos viene haciendo daño.

Apelamos a nuestro todo poderoso omnipotente...que oiga nuestro clamor de un pueblo que va desapareciendo, como dijo Tomás Borge Martínez,¨(qepd) en un discurso "estamos dispuestos a eliminar hasta el último Miskitu con tal de adueñarse de las tierras de los Miskitus" hoy está pasando todo eso las gentes de Río Coco están huyendo a las tierras de nuestros hermanos Miskitus que están al lado de Honduras buscando refugio, aguantando hambre, sed, frío, enfermedad, pasando calamidades.

También les ponemos de su conocimiento que los verdaderos líderes de la nación Miskitu, les hemos otorgado poder generalísimo a la Reverenda. HRH. Josephenie Herbert Tawaska. Hendy Robertson, Matriarca de Miskitu "Mosquitia" y P.W. Ercell Hendy Tawaska Fleurima y a su equipo de trabajo de la nación Miskitu en el exilio, para que nos represente en todo el mundo para nuestra liberación de las garras del Comunismo, Socialista, Genocida.

## Cover Letter

From: The Miskitu Government in Exile

To: U.N. Secretary General Antonio Guterres Secretary
U.N.H.C.H.R. Zeid Ra'ad Al Hussein
U.N. Rep. Gianni Magazzeni

Gentlemen:

At this very moment, there is much turmoil happening in the Miskitu territory of the Caribbean coast of Central America created and caused against our peoples by the government of Daniel Ortega's Sandinista government of Nicaragua.

The Rev. Josephenie E. Robertson, M.T.T. filed a lawsuit against the Nicaraguan government complaining of torture, genocide, unlawful acquisitioning of natural resources, and failure of the government to affording traditional authorities to participate in business negotiations that affect our territory filed in United States District Court, the Northern District of California, U.S.A.

As a direct result of this complaint, recently, one of our royal traditional authorities, who lives in the Miskitu territories, Jose Miguel Coleman Hendy was brutally assaulted for his involvement in appealing his concerns to the Native Rights Legal Defense team in Washington D.C., U.S.A. Unknown to him at this time, the indigenous native claims from the Miskitu territory in this office are controlled by Armstrong Wiggins, a Sandinista appointee. Our natural conclusion is that Mr. Wiggins ordered Mr. Hendy's silence through violent acts against his person.

Now, our office has new reports that Hector Williams Padilla, another Sandinista member is threatening the people of Bluefields for acknowledging the Rev. Josephenie E. Robertson as the legitimate traditional and legal authority representing the Miskitu people. He is on a public campaign in the Miskitu territory calling the Miskitu people "traitors" and threatening them with a violent "payback".

In fear of retaliation, our Miskitu peoples from the village of Bluefields, in the Miskitu territories have forwarded their concerns to us for the purpose of forwarding their grievances directly to you. We are also providing our own letter regarding redress before the agencies of the United Nations for your consideration, review and possible remedies. We must act now, because the Nicaragua government states that our Miskitu history is a sin to future generations requiring that it not be taught in our schools.

Respectfully submitted, as sewn to, this 27th day of September 2018

From: The Miskitu Government-in-Exile

Unit Office of the United Nations
High Commissioner for Human Rights (OHCHR) Palais des Nations
CH-1211 Geneva 10, Switzerland
Email: nationalinstitutions@ohchr.org

Dear Mr. Gianni Magazzeni:

Please receive greetings from the community of Bluefields, Miskitu Nation and the surrounding areas. We are part of the Miskitu Nation in Central America bordering Nicaragua and from our representatives of the Miskitu Nation in exile. The Miskitu government in exile has been defending our rights, since the forced annexation in 1894 by Nicaragua along with the treaties Nicaragua has refused to honor since 1957. After the civil war in Nicaragua was ended under U.N. Resolution 650, when our freedom fighters deposed of their arms in return for peace with guaranteed UN protection and peace keeping enforcement, none of the terms of that treaty were honored by any of the parties involved, except the combatants and commanders of our Miskitu Nation.

We are letting it be known that we stand united and choose as our representatives, the Reverend Josephenie Estefanie Hebbert Hendy Clarence Twaska Robertson, who is the Matriarch of the Miskitu Nation and her Daughter P.W. Ercell Hendy Twaska Fleurima who are members of the Miskitu royal families and our traditional authorities.

***We are providing the U.N. with a notarized recognizing the Rev. Josephenie E. Robertson, M.T.T. and Ercell Fleurima as the recognized legal entity and traditional authorities of the Miskitu people and communities***

We are demanding to be heard and requesting that action be taken, to stop and end to the racism, genocide, and crimes against humanity perpetrated on our people (all

twelve tribes) by all the former and present governments of Nicaragua, which we were forcibly annexed to.

From the horrific times of Zelaya to Somoza to the present day Daniel Ortega/Murillo regime that is even more oppressive, we seek relief from their tyranny! They are literally wiping us, the environment and ecology out! We have no rights! If we speak or protest someone dies, or is brutally beaten or murdered as an example to all of us! We are slaves to the Nicaraguan Government! This year marks a 30 year anniversary of never ending discrimination, genocide, racism, and crimes against humanity perpetrated by the Nicaraguan Government, their Colonos (colonists), the Sandinistas and their leader Daniel Ortega Regime after signing the peace accord with every good intention of honoring our part of Resolution 650.

The Ortega Regime has taken our land and natural resources without our right of participation, and entertaining international business treaties where they are sharing, selling, and making concessions on our lands (lands that do not belong to him!) to anyone with money regardless of the international laws that protect our Indigenous and communal lands.

Ortega appointees are corrupt puppet Miskitu leaders like, Mirna Cunnigham, Armstrong Wiggins, Carlos Aleman, who go all over the world claiming great acts for the Miskitu peoples while padding their personal bank accounts, but we the Miskitu people see nothing. Examples are Vice President Omar Halleslven who has taken much of the Miskitu communal land for his own personal interests. Then there is Lumberto Campbell who is pocketing money from deforestation and is also the brother of a Nicaraguan Police Chief.

The UN has not been proactive to our rights under the ICCPR (International Covenant on Civil and Political Rights, which was ratified by the United States on June 8$^{th}$, 1992 that establishes universal standards for the protection of basic civil and political liberties where Article 6 (1,3) specifically addresses issues of complaints of genocide.

Under the Foreign Sovereign Immunities Act, since the Ortega regime has been and is continuing to commit genocide against our people and involved in an unlawful taking and expropriation of property without compensation his government is ***in violation of international law and 28 U.S.C. § 1605(a)(3)***. It is undisputed that genocide itself is a violation of international law. See, e.g., ***Tel-Oren v. Libyan Arab Republic*, 726 F.2d 774, 791 n.20 (D.C. Cir. 1984**) (Edwards, J., concurring); accord, ***Abelesz v. OTP Bank*, 692 F.3d 638 at 675-76 (7th Cir. 2012)**. The Restatement (Third) of the Foreign Relations Law of the United States § 712(1) states that, as here, a country (state) is responsible under international law for injury resulting from a taking by the state of the property of a national of another state that (a) is not for a public purpose, or (b) is discriminatory, or (c) is not accompanied by provision for just compensation.

Congress has also authorized aliens to bring federal common law tort actions in federal courts for violations of the law of nations to avoid the diplomatic problems that may otherwise result from adjudication of these civil claims in state courts. *See, e.g.*, Anne-Marie Burley [Slaughter], *The Alien Tort Statute and the Judiciary Act of 1789: A Badge of Honor*, 83 Am. J. Int'l L. 461, 481-82 (1989); William R. Casto, ***The Federal Courts' Protective Jurisdiction Over Torts Committed in Violation of the Law of Nations*, 18 Conn. L. Rev. 467, 468-69 (1985-1986); and 2 Emmerich de Vattel, *Law of Nations*, ch. 6 §§ 71-72 (Joseph Chitty, trans. and ed., T. J. W. Johnson & Co. 1867) (1758)** (the law of nations provides a private remedy for foreigners injured by violations of international or domestic law and is an essential means of reducing friction between nations.).

In addition, the takings of property alleged herein, has a sufficient connection to genocide such that they amount to takings "in violation of international law." **28 U.S.C. § 1605(a)(3)**. Indeed, the alleged takings did more than effectuate genocide or serve as a means of carrying out genocide. **See *Abelesz*, 692 F.3d at 675-76**. Rather, the expropriations were themselves genocide. Since the wrongfully taking of Miskitu properties was inextricably linked to the mass killings and genocide of these peoples,

plaintiffs' property-based claims fall squarely within the FSIA's expropriation exception. **See *Phoenix Consulting Inc. v. Republic of Angola*, 216 F.3d 36, 40 (D.C. Cir. 2000).** Such expropriations, therefore, constitute "tak[ings] in violation of international law." **28 U.S.C. § 1605(a)(3).**

The legal definition of genocide thus unquestionably encompasses the mass extermination and systematic expropriation of Miskitu lands, cattle and other property alleged in this case. ***The Convention on the Prevention of the Crime of Genocide (Genocide Convention), Art. 2, Dec. 9, 1948, 78 U.N.T.S. 277***, adopted by the United Nations in the immediate aftermath of World War II and ratified or acceded to by nearly 150 nations (including the United States), defines genocide as follows:

***[A]ny of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such: (a) Killing members of the group; (b) Causing serious bodily or mental harm to members of the group; [or]***
**(c) *Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part . . .***

This definition of genocide is "generally accepted for purposes of customary [international] law." Restatement (Third) of the **Foreign Relations Law of the United States § 702 cmt. d.** It appears not only in the Genocide Convention itself, but also in numerous other international treaties. *See, e.g.,* Rome Statute of the International Criminal Court art. 6, July 17, 1998, 2187 U.N.T.S. 90; Statute of the International Tribunal for Rwanda art. 2 (1994); Statute of the International Criminal Tribunal for the Former Yugoslavia art. 4 (1993). ***The offense of genocide under U.S. domestic law uses the same definition. See 18 U.S.C. § 1091(a).***

Such a burden of ***"complicity"*** where rules require those in authority to act on behalf of a party where claims of genocide and torture are against one of the parties would compromise the court's neutrality under **Title 18 USC § Code 4** where it is common knowledge as well as publicly known, being aware that the defendants' conduct is both continuous and felonious (genocide and torture) and failing to act to protect the plaintiffs by being compelled into a conspiracy against the plaintiffs' rights under **Title 18 §241** Conspiracy against rights for failing to do so.

The Miskitu government in exile is presently challenging the government of Nicaragua now led by Daniel Ortega and others under these very authorities in a United States District Court.

As intelligent, civilized, "advanced" human beings, we should recognize that we -all of us -globally are inheritors of the earth and have inalienable rights to a good life. Whatever one's goals or ambitions they should never infringe, violate or harm their fellow human being on the earth. We in Bluefields and surrounding communities also feel that we have been marginalized, ignored, disrespected and treated as though we do not count or have a voice by your offices in the UN , other human rights, human aid organizations and politicians.

We are not children, cattle, mentally deficient, poor (we are in slavery, oppression, genocide and our riches are being stolen from us at gun point), or lacking in any capacity as any other healthy human being on the planet! We reserve the right to elect our own representatives and not have one handpicked by the very illegal genocidal government of Daniel Ortega, Rosario Murillo and the Sandinista Party who send out Colonos from the Pacific, employing the same Motif of Operations of the 80 and 90's Killing, Rapping, Pillaging, Kidnapping destroying anything that lives as though they are mindless beasts plagued with rabies. There is a lot more that should be a requisite for being powerful (heads of state or leaders of people) of honor, valor, humanity, respect for all of life, lives and the accomplishment of riches and wealth not only for oneself but for all of humankind. Our mutual goals are to build wealth and make sure everybody wins-wins.

It is a much more worthy and honorable ambition and goal for a leader than to simply be rich, powerful and everyone else poor, uneducated, and living in misery if they are living at all and beneath him or her. That sort of leader has knowledge that through one's own brilliance and action one has propelled him-herself to a place of power over other human beings! Those are the qualities of a true leader of men and women, not just being rich and arrogant. Do you as a human being fit this leader's description?

The foreign Multinational companies under illegal concessions are destroying the ecology and environment that our ancestors and we their offspring cultivated with much respect to Nature/Earth and Humanity!

No matter how advanced and modern the world so arrogantly thinks itself. The current situation of the world proves the opposite. The social unrest and the discrimination of the human race towards itself, shows little signs of intelligence and leadership!

Technology is far more humane and lives in harmony with itself while its creators, remain in a backward, outdated way to interact and relate with ourselves, (the human race) as equals in rights if nothing else. We do not enforce the inalienable right of every human being, instead we allow ourselves to be bought and seduced, while we act and disregard those we claim to STAND for!

Let it be known that Mr. Wiggins our Miskitu brother, Mirna Cunningham and other Miskitu "Miskito/Mosquito" leaders go throughout the world as representatives, collecting honors, moneys and positions, meanwhile those they represent are dying, being raped, sequestered, molested, starved, exterminated, robbed and all is being destroyed while they do nothing and try to discredit those who are trying to really help us!

In the taped conversation between Mr. Wiggins and one of our traditional authorities, a Prince of the Miskitu people, where Wiggins was more interested in proclaiming his status, identifying himself as a Sandinista appointee during a conversation where he was attempting to discredit our Matriarch than trying to understand what we were trying to convey to him. Yet like many Miskitu leaders, many have taken to greed over intelligence, sincerity, honesty, and love of self and our own people's welfare.

Any human being on the earth through Degradation, Marginalization, and Oppression can become ignorant and be raised ignorant on that same note we all come to the planet ignorant and can be learned to brilliance.

70% of the planet who lives without will soon be 100%! We will revert to uncivilized barbarism. As human beings, every action we seem to make now is based on ego, greed, and lack of character, valor, enlightenment, and love! Those actions are coming from all of us (some more than others). 100% of the world will be ruled by greed and ego and that equals to lawlessness, pillaging every man and woman for themselves. When there's no need for that! Wealth can be created throughout the world! There is more than enough!

We Miskitu Nation believe we can have harmony, between technology, humanity, industry, business, privacy, ecology, education, development, sciences, global wealth through understanding and intelligent enforcement and obedience of inalienable rights for all!

God Bless and keep you all.

Honorable Sirs;

Please receive greetings from the community of Bluefields, Nicaragua. We are a part of the Mosquitia Nation in Exile from the former Mosquitia, who is looking for our rights under agreements establish by annexation and by the special laws that was approved for the people of the Caribbean Coast of Nicaragua since 1987 with the autonomy law.

Our demand is towards the violation of the rights of indigenous and afrodescendants people from the State of Nicaragua who ever since the Mosqutia was annexed to Nicaragua by military force in 1894, we suffer oppression as no agreement have being comply by the State of Nicaragua to respect the rights of coast people even when peace was sign in 1985, when the freedom fighters depose their arms for this cause; however contrary to this we began to suffer a different form of abuse from the central government.

This year we are celebrating thirty years of an autonomy process, however this celebration only signify more discrimination and exploitation of our natural resources. The central government is sharing our land to landlords regardless of a law that protect the communal land. Also it is known that the former vice president of this country Omar Hallesleven has taken great amount of land on the communal land on the Caribbean Coast for his own, some others keep exploiting the forest and lumber such as Lumberto Campbell and also the brother of the Nicaraguan Police Chief is involve in land grabbing. This behaviour of the central government cause a lot of invasion on the land and many people already died for the land. We suffer as the central government don't do anything to clarify the death of our miskitus brothers and sisters living in the North Autonomous Atlantic Region.

Another problem is the abuse and exploitation of our forest, fishery and mineral. Every resource that is exploited on our land is not consulted with the people as how the 169 Convention of the ILO has teach us, some projects are creating environmental problem such as the African Palm and

the Canal Project besides no funds is invested back sufficiently into our autonomous region. The land is over invaded for electoral interest and the government is not taking measurement to protect us.

As you can verify, on our Autonomous Region both north and south, the unemployment rate is over 80%, this increase even more when the police take away the means of survival from our fishermen such as their boats, their hunting and fishing gears. Another problem we are facing is the high rate of migration of our people that affects the stability of our families and especially our youths that don't have any incentive to prepare themselves academically as many are led to illegal activities, prostitution and insecurity where the same police is part of and have many afrodescendant people in jail for any reason.

The indigenous and afrodescendant people of the Caribbean Coast of Nicaragua, ever since the Mosquitia (Caribbean Coast) was annexed to Nicaragua by the Managua Treaty in 1860 and Harrison Altamirano Treaty in 1905 we live oppression. As Coast people we have a long history of exploitation and discrimination from the State of Nicaragua, causing us to defend our rights by all means in the past century even with the arms and attempting for separation from the State of Nicaragua, the respond was the autonomy law as a mechanism to restitute our rights however it is still not solving our problem.

In the late ´80 of the past century the freedom fighters of the Caribbean Coast was disarm to bring peace for a people however we haven't had the opportunity to enjoy such peace as the Nicaraguan army keep growing and our people is still being oppress. Our question is, how much more we must suffer as we wait for the government to honour the agreement that was sign to bring peace to the Caribbean Coast of Nicaragua, our generation need to live in peace as many coast men disarm for peace.

Honorable Mr. Gianni, we are asking you as member of the United Nations to consider our claim as we cannot continue to live in an oppressive system where Nicaragua don't even respect the resolution of the Interamerican Human Rights Court.

We remain sincerely, expecting your respond to our demand as our people cannot live in an oppressive anymore.

**PLAINTIFFS NON-OPPOSITION TO DEFENDANT'S MOTION FOR CONTINUANCE**

## PLAINTIFF'S NON-OPPOSITION TO DEFENDANT'S MOTION FOR CONTINUANCE

The Defendant's lawyers have recently filed a batch of last minute motions seeking a continuance to a date later than October 12th, 2017 based upon the defendants seeking administrative relief of the Initial Case Management Conference until after the Defendant's pending Motion to Dismiss the Amended Complaint is decided.

Although, these issues appear problematic to the Defendants, it would seem that if the court sustains the plaintiffs position there would not be any problem for the plaintiffs

2. *Is Armstrong Wiggins of the Native Law Center under the appointment by Defendant Daniel Ortega prejudicially attempting to and/or directly or via third parties, interfering with this case and my right to properly proceed before this Court to discredit anything that I may have in defense of my contentions?*

**SUPPORTIVE AFFIDAVIT**

Previously in my motion for sanctions, I memorialized that I was notified via electronic communications as well as an audio recording from Jose Miguel Coleman Hendy, a member of the Miskitu traditional authority and of the Miskitu Royal family regarding communications that he was having with a Mr. Armstrong A. Wiggins, who is a Daniel Ortega appointee to the Indian Law Center in Washington D.C.; Between that time of my filing and the present day, I was again notified by Jose Miguel Coleman Hendy that he was physically assaulted in Miskitu territory by unknown Sandinista representatives, where with his information, it is my natural conclusion this assault on his person was to intimidate and threaten me for pursuing my lawsuit against Daniel Ortega and the other defendants. This brutal beating reinforces my contentions that to harm my person and right to be heard doesn't mean that the defendants have to travel to the United States in order to accomplish their intimidation but rather harm me via third party attacks.

Daniel Ortega and the Sandinista Party by appointing their people to such international bodies at the Indian Law Center based in the United States, knowing full well that the legal community by using a "guiding hand" to suggest these entities will indeed protect indigenous rights and freedoms, is in reality to obstruct our rights to effective representation. The Indian Law Center had previously represented a local Miskitu group in the Inter-American Court for Human Rights and although they prevailed, the Nicaraguan government ignored the ruling and international tribunal.

It is also my natural conclusion that I present here before this Court that by a preponderance of the evidence and the laws of statistical probability, in that Armstrong Wiggins of the Indian Law Center who is also a Daniel Ortega appointee, not only attempts to interfere in this case indirectly, but that someone in the Sandinista Party had to become aware of Mr. Jose Miguel

Coleman Hendy's contact with the Indian Law Center (Armstrong Wiggins) on my and our behalf to be selectively targeted for violence and intimidation in order to obstruct, deny and curtail our rights before this court. He nor any of the Defendants should be allowed to talk to our people involved in this case without us being there for or aware of the interrogations/interviews regarding this case. It is true, that both Daniel Ortega or Mr. Armstrong Wiggins may very well choose to deny they participated in the physical assault on Mr. Hendy, but as the evidence submitted with our motion for sanctions, they cannot deny talking to Mr. Hendy,[1] [2] which clearly leads one to believe they participated or ordered the personal assault on his person to silence him or obstruct his participation by their 3rd party interference into this matter.

[2] Attachment 2 – Email communication from Jose Miguel Coleman Hendy to Ercell Fleurima describing the physical assault upon his person the evening of September 14, 2017.

*[9/21, 5:05 AM] +505 8532 6282: En el suelo me patearon allí donde se quebró la pantalla y el audio de mi teléfono móvil, lo tenía adentro de mi calzoncillo,me robaron $30,00, dólares, mi reloj,la billetera con mis carnet de identidad.*

*Ahora no tengo dinero para pagar por arreglar el teléfono, ni para pagar la reposición de carnet de identidad (ID-card).*

**English Translation of Telephonic-Email from Jose Miguel Coleman Hendy Email jose.colemanh@gmail.com** via Google Translate:

*They attacked me like 9:45 p.m., at night, on September 14th, the boss said he is not carrying his backpack, we are interested in the documents he carries, he takes his wallet and gives it his due, it was four two, he grabbed my arms the other he hit savagely and the other an older man of darkness ordered them said it is the second time we grab the third we will eliminate it, this is the same old man who talks on radio "bullshit" against our government.*

*The place was dark I could not see the faces well but they were young.*

*But the boss is the same voice that attacked me in October 2013, is the youth Sandinistas that governs the Sandinista governor Carlos Alemán, they pay the young Miskitu, mestizos and Creoles to serve them, the boss is armed because one of they said send this old son of P. to hell.*

*[9/21, 5:05 AM] +505 8532 6282: On the floor they kicked me where the screen broke and the audio of my cell phone, I had it inside my underpants, they stole $ 30.00 dollars, my watch, and my wallet with my identity card.*

*Now I do not have the money to pay to fix the phone, or to pay for ID card replacement*

With respect to my attempt to secure the effective assistance of counsel, o n at least two occasions, lawyers from the San Francisco area and who have practiced before Judge Tigar at first indicated that they would take the case, wanting $20,000 and $40,000 down as a retainer,

only to call back after I agreed to this amount and for reasons unknown to me, turned down representation. Are these lawyers who first agree and then decline being approached behind the scenes by lawyers for the Defendants or Mr. Armstrong Wiggins? I don't have the answer to that, but it appears that Mr. Wiggins is being allowed to talk to people about our case, without us being there.

Under these extreme circumstances before me, and as the plaintiff, I am ready to proceed with this case, as self-represented relying on my helpers, researchers, and assistants. Personally, we don't need a continuance to start preparing for the Case Management Statement as this was our immediate goal at the present time, until we had to set everything aside to address the Defendant's motions filed en mass at the last moment. Although, the Defendant's Motion will not prejudice our case, I personally see no reason on behalf of the Plaintiffs to delay the Initial Case Settlement Conference or delaying the preparation of the statement, notwithstanding the needs or confusion of the Defense lawyers.

In the Defendant's opposition, they suggest that I am not addressing some of their issues that the Court itself disposed of. I felt no need to try and "hash" out issues the Court had already declined to address with respect to the Defendants. In their briefs they suggest my motion for reconsideration and/or clarification was not sufficient with respect to the submission of my Complaint As Amend. I dispute this allegation by the Defendant's counsel. The facts are very simple, in that if I wasn't exactly sure of a specific item, then I amended the complaint in such a manner that if I was in error, then that error would not impair the amended complaint to proceed. (This references the position of Ercell Fleurima and her status). With her or without her, I am proceeding with my complaint. The defendants lawyers are attempting to place words and interpretations in my mouth before this Court, that are not from my own mind and I object to this style of patronage by these lawyers attempting to prejudice this Court with inappropriate comments. It is true that I am not a trained person in the expertise of law, but I am providing the best defenses in support of my contentions that I know how, without the aid of the effective assistance of counsel that I have so vigorously sought.

**Certification of Service**

I, the Rev. Josephenie E. Robertson, M.T.T., and/or Ercell Fleurima, are the co-Plaintiffs in the above entitled case. I am over t he age of 18. On the date listed below, I mailed a true copy of this document, "Plaintiff's Non-Opposition to Defendant's Motion for Continuance" to the United States District Court, Office of the Filing Clerk of the Court, at the address of 450 Golden Gate Avenue, San Francisco, CA 94102-3489 and true copies were mailed to the Defendants counselors/parties in this case, as sewn to, this 25th day of September 2017, at their respective places of practice and addresses noted below:

proceeding however, the defendants suggest that they would not be prepared to litigate more than one issue at a time before the Court.

Arguable, if the Court rules in the Defendants' favor, then it is possible that there would be no need for additional research time and preparation.

It is the plaintiff's position that a continuance will not prejudice the Plaintiff's case or my issues before the court. Therefore, I will not oppose the defendant's request for a continuance.

**Defense Counsel's Service Upon the Plaintiffs has not met Court Standards**

The Defense Counsel Philip C. Swain was notified orally that we have not been receiving any of his pleadings via the U.S. mails. The sole receipt and notice of the Defendant's filings have been through the efforts of Ercell Fleurima, who had personally proceeded to the Court and secured the Defendant's filed pleadings. Mr. Swain has suggested otherwise, but to be honest, we have not received any pleadings from the defendants via the U.S. postal mails.

**The Plaintiff's Right to Be Heard**

It is time for the Court and counsel for the Defendants to recognize just exactly who the parties are. A legal term known as the *"respondeat superior doctrine" or more precisely, "let the master answer" is requested by the plaintiffs at this time with respect to the defendants applying a "chilling effect" on my rights to be heard without any forms of intimidation, threats, third party threats or obstruction of my ability to secure counsel. The persons that I am talking about are Daniel Ortega and his wife, Rosario Murillo who lead the Sandinista Party. It is my request that they be brought before this Court along with Armstrong Wiggins who is a Sandinista subordinate to provide answers to the following:*

1. *Did Daniel Ortega or Rosario Murillo direct or instruct Armstrong Wiggins in any capacity including using "third parties" to physically assault, threaten, and intimidate members of the Miskitu traditional authority during the due process of this complaint as a warning to the Rev. Josephenie E. Robertson, M.T.T. not to proceed with her complaint against the defendants?*

Estimado Sr. Gianni Magazzeni:

En nombre de todos los Honorables y Excelentes Soberanos, Presidentes, Primeros Ministros, Líderes, Reales y Gente del mundo, los pueblos Miskitu aparecen como una sola voz para ser escuchados:

Esta es una carta unida de frontera a frontera de la nación Miskitu (las 12 tribus) aquí en la oficina del Presidente del Consejo de la Oficina de Ancianos en Bilwi Miskitu junto a Nicaragua, el Honorable José Rocha, el Honorable. Cecilio Tatallon Yansky, Presidente del Consejo de Ancianos de Miskitu, además de Honduras, declara lo siguiente y como una autoridad tradicional de nuestra nación habla en nombre de todos mis pueblos (12 tribus). Primero damos gracias a Dios por haber encontrado a los verdaderos líderes Miskitu en Bilwi, que trabajan por nuestra independencia y trabajan con el gobierno de la Nación Miskitu en el exilio. Pedimos a todos los líderes y personas del mundo que nos apoyen para lograr nuestra Libertad.

Porque ahora estamos unidos en una sola hermandad de frontera a frontera para luchar por nuestra restauración construyendo infraestructura, educación, desarrollo, avance y preservación de la Madre Tierra y la riqueza como lo fuimos una vez antes. Tenemos los medios para hacerlo.

Durante más de 253 años hemos sido esclavos, ya hemos tenido suficiente, y en una sola voz declaramos y lloramos INDEPENDENCIA. ~ Queremos Paz, Justicia, Amor y una verdadera democracia.

Nosotros decimos "no" para corromper a líderes Miskitu, títeres del gobierno como Stedman Fagoth, Brooklyn Rivera, Héctor Williams, Lambert Campbell, Raquel Dixon, Elizabeth Henriquez, Evelyn Taylor, etc., incluyendo a los representantes de Miskitu ante las Naciones Unidas y en Washington DC conocida por nosotros como: Mima Cunningham y Armstrong Wiggins, exigiendo que nuestro pueblo tenga su Justicia.

Para nosotros los Miskitus de Honduras, el gobierno hondureño no nos empuja tanto en el momento de los votos, sino que siempre explotan nuestros recursos naturales. Sólo reclamamos nuestra tierra. Tenemos profesionales jóvenes que pueden gobernar bien y también podemos enviar a nuestros jóvenes al exterior para profesionalizarlos. Nuestra relación con la Madre Tierra y los millones de años de cuidarla, en nuestra cultura, no la hemos olvidado y podemos restaurarla a su lustre.

En el nombre de 996, mil saludos Miskitus y te invitamos a venir a darnos la buena noticia, y también conocer el museo de uno de los reyes Miskitus. Trut-Sulu.

Nosotros, al lado de Miskitus por Honduras Apoyamos al 100 por ciento de la Nación Miskitu en el exilio liderada por nuestro Reverendo HRH Matriarca. Josephenie Hendy, la princesa guerrera. Ercell Hendy, y el Sr. Gary B C Mitchell Consejero principal y su equipo.

Nosotros, la nación Miskitu creemos que podemos tener armonía, entre la tecnología, la humanidad, la industria, los negocios, la privacidad, la ecología, la educación, el desarrollo, las ciencias, la riqueza global a través de la comprensión y la aplicación inteligente y la obediencia de derechos inalienables para todos!

Dios los bendiga y los guarde a todos.
